Sections 11 and 12. Between 6 and 9 August units of up to 120 men repeatedly conducted forced marches while wearing gas masks. Section 15. According to the kitchen bulletin, the troops there numbered 410 men, including officers, on 7 August. The trucks in the two parking lots were referred to as a motor peol. Some of them were lent to other units. The motor vehicle repair shop in the camp section performed major repair work for all units in the camp. The meanby gasoline dump was heavily guarded. \*\*\*

Comment. The information on Barm airfield indicates no discernible changes. Except for air force series all 25X1C yehicle reported belong to the 14th Cds Mecz Div. 25X1C Comment. The numbered camp sections are keyed to a sketch attached to a previous report. See The vehicle and the information on weapons and vehicles in the individual camp sections, which agree with previous reports by the same source, confirm most of the components of the 6th Cds Tank Div as staying in the camp until 17 August 1951. See The information indicates that a divisional motor transport unit has been stationed in camp section 15, in addition to the repair shop previously carried there.
